The Verticlose-2 gate closer is the top line in the Verticlose product range. Highly versatile and with excellent features, the powerful Verticlose-2 is the perfect gate closer for both 90° and 180° hinge situations. The integrated pretension, micro adjustment of speed and final snap and the Quick-Fix fixation guarantee a very quick and efficient installation. The aesthetic aluminum powdercoated body in combination with highly durable internal components guarantee a very long life cycle.
