

EG 027

MAIN FRAME - Standard gate main frame 75x50x3. Mitred corners with extruded 5mm thick corner stakes.

INFILL - 65x16 horizontal slats at nominal 15mm spacing (adjust to suit your requirements). Decorative panel can be adjusted to anywhere in the gate.

FINISH - Pre treatment and powder coat. Kit includes covers to conceal all infill fastening points.

SIZE RESTRICTIONS - Maximum width 1500mm. Larger gates use Easy gate frame and corners.
